Basoa Planter, 430 litres

BAJA0430

The BASOA Ø130 x h38 cm planter (430 litres) combines a large diameter with a low profile, ideal for ground-cover plants and seasonal flowers. A sandblasted fibreglass planter manufactured by our partner Pro Urba, far more resistant than conventional concrete and frost-proof. Its circular, low-profile design adds generous green masses to squares and promenades. Available in 10 colours, with optional irrigation system, drainage holes, lifting hooks and anti-graffiti coating.
