Basoa Planter, 820 litres

BAJA0820

The BASOA Ø180 x h38 cm planter (820 litres) is the largest-diameter model, designed to create true green islands in public spaces. A sand-finished fibreglass planter manufactured by our partner Pro Urba, significantly more resistant than conventional concrete and frost-resistant. Its low, circular form delivers large masses of greenery to squares and promenades. Available in 10 colours, with options for an irrigation system, drainage holes, lifting hooks, and anti-graffiti coating.
